

MiniCourt Basketball

“2026 Game of the Year”

The biggest problem every hoops fan experience *literally* is wanting to be as close the action as possible—even taking buzzer beating 3's, thunder dunking with the clock running down or scoring game winning free throws.

MiniCourt fills two specific needs:

1.) Maximizes fans’ experiences by giving them *the* opportunity (on a mini-scale) to take *the* game winning shots and drive the lane for scores... with & on a mini-pic of ANY playground/college/high school/NBA court.

2.) The instantly, high demand product (for EVERY team – pro & college, EVERY season) by makes each teams’ home and playground courts *commemorative edition and collector’s items*.

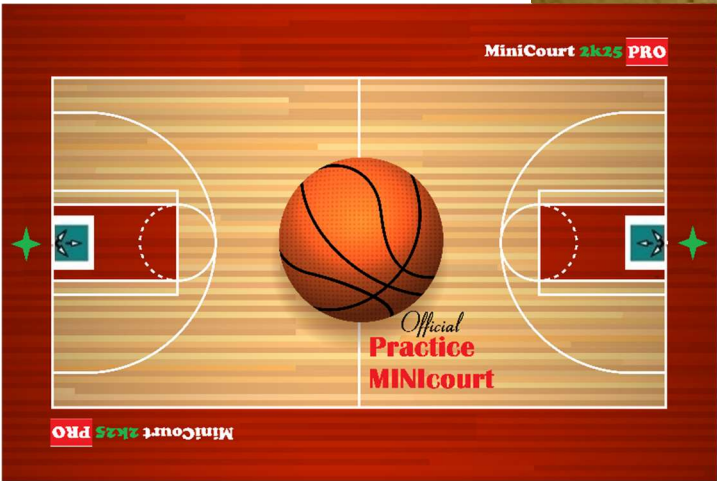

MiniCourt

“Get the Picture”

MiniCourt, simply is an aerial photo, a mini-picture of NBA/College/High School official home courts & playground courts scaled down to be an official MiniCourt — with the rules and directions (on back side) of how-to play the hugely popular, copyrighted “old school” mini-basketball game (on the court) using a scrap sheet of paper and a little imagination.

The secret to its success is simple – there is NOTHING like it ...period. Every game is as different as each basketball – it’s not perfectly round, having its own unique personality making playing *Crazy-FUN! for ALL ages from 6 to 60.*

“Get in the Game”
